

14th International Workshop on Service -Oriented, Holonic and Multi-Agent Manufacturing Systems for Industry of the Future (SOHOMA 2024)

Augsburg Technical University of Applied Sciences– Augsburg, Germany
September 26 – 27, 2024

Call for Spot Light Session Papers:

INDUSTRIAL DATA SPACES AND MANUFACTURING-X

It is our pleasure to invite you to the *14th International Workshop on Service-Oriented, Holonic and Multi-Agent Manufacturing Systems for Industry of the Future (SOHOMA2024)*, organized by the Augsburg Technical University of Applied Sciences (Germany), in collaboration with University Politehnica of Bucharest (CIMR - Research Centre in Computer Integrated Manufacturing and Robotics), Polytechnic University Hauts-de-France (LAMIH - Laboratory of Industrial and Human Automation Control, Mechanical Engineering and Computer Science) and Polytechnic Institute of Bragança (CeDRI - Research Centre in Digitalization and Intelligent Robotics).

The main objective of SOHOMA workshops is to foster innovation in and developments towards a data-driven Industry of the Future that seamlessly integrates engineering and operations of manufacturing, logistics systems and (dynamic) supply chains. In this context, the workshop focuses on concepts, methods, and solutions for the digital transformation of manufacturing through service orientation in holonic and agent-based control with distributed artificial intelligence.

The theme of the SOHOMA 2024 Workshop is **"Industrial Artificial Intelligence in the data-driven Industry of the Future: Models, Architectures, and Applications"**. In this edition, the workshop focuses on exploring the intricacies of cross-enterprise data sharing and the strategic use of artificial intelligence (AI) within manufacturing systems. Thereby, the workshop focuses on (but is not limited to) methods, tools, and architectures for the value-adding application and integration of AI in industrial production and logistics for the transformation to a data-driven industry of the future.

What is a Spot Light Session?

Spot Light Sessions are a novel and optimized form to provide a larger space for discussion and exchange of scientific results and topics. They are a combined form of oral presentation and panel discussion participation. They are a combined form of a traditional oral presentation and joint final panel discussion with all spot light presenters. Accepted Spot Light papers will be part of the workshop proceedings like regular papers.

SLS-04: Industrial Data Spaces and Manufacturing-X

Data is the most important asset for innovation and digital transformation towards the Industry of the Future. Using advanced information and communication technologies, we can generate, store, replicate, transmit, process, and analyze data at low cost, thus giving everyone in the world a chance to innovate. Today, the world is harnessing the power of data to solve all kinds of problems, from global to everyday. In this context, Manufacturing-X envisions a highly connected and intelligent manufacturing landscape, where data sharing across administrative, demographic, and organizational boundaries is facilitated and the use of data leads to valuable economic and societal benefits. Therein, digital twins and intelligent agents also play a critical role in enabling better decision making and more agile responses to changing market demands.

The general objective of this session is to bring together researchers and industrial experts from different fields and disciplines. The aim is to promote the exchange of their practical activities, research, ideas and findings on data spaces and platforms. It also aims to stimulate debate on how global platforms can effectively support the distribution, sharing and application of data in terms of infrastructure, technology, business, etc., and to develop a common understanding of the research being conducted in this multidisciplinary area.

Paper Submission

Papers must be submitted in via the submission menu on the SOHOMA 2024 website. The paper content must be original work not published or being considered elsewhere. The workshop language is English. Papers are limited to 12 pages formatted in the Springer book series "Studies in Computational Intelligence" according to the instructions given on the workshop's website.

All papers accepted and duly presented at the workshop will be included in the SOHOMA 2024 post-conference proceedings volume published in the Springer series "Studies in Computational Intelligence", indexed Web of Science, Scopus, ISI Proceedings and DBLP Computer Science. Selected, extended papers will be proposed for publication in special issues of journals representative for the workshop's domain.

Important Dates

Submission of Spot Light Session Papers	June 30, 2024	extended to July 7, 2024
Notification of acceptance	August 1 st , 2024	
Early-bird registration until	August 30, 2024	
Final paper submission	September 8, 2024	
SOHOMA 2024 Workshop	September 26 - 27, 2024	

SOHOMA Steering committee

Theodor Borangiu, University Politehnica of Bucharest, RO
Damien Trentesaux, University of Valenciennes, FR
Paulo Leitão, Polytechnic Institute of Bragança, PT

SOHOMA Executive committee

Olivier Cardin, University of Nantes, FR
Silviu Răileanu, University Politehnica of Bucharest, RO
William Derigent, University of Lorraine, FR
Karel Kruger, Stellenbosch University, ZA

SOHOMA 2024 Conference Chairs

Christoph Legat, Augsburg Technical University of Applied Sciences, DE
Florian Kerber, Augsburg Technical University of Applied Sciences, DE
Thorsten Schoeler, Augsburg Technical University of Applied Sciences, DE

SOHOMA International Committee

Radu Babiceanu, USA	Karel Kruger, ZA
Eric Ballot, FR	Samir Lamouri, FR
José Barata, PT	Paulo Leitão, PT
José Barbosa, PT	Christoph Legat, DE
Anton Basson, RSA	Marco Macchi, IT
Thierry Berger, FR	Vladimir Marik, CZ
Lamia Berrah, FR	Duncan McFarlane, UK
Theodor Borangiu, RO	Laszlo Monostori, HU
Vicente Botti, ES	Jairo Montoya-Torres, CO
Robert Brennan, CA	Benoit Montreuil, USA
Olivier Cardin, FR	Hervé Panetto, FR
Pierre Castagna, FR	Ajith Parlikad, UK
Sergio Cavalieri, IT	Vittaladas Prabhu, USA
Jean Rémy Chardonnet, FR	Silviu Răileanu, RO
Armando Walter Colombo, DE	Luis Ribeiro, SE
William Derigent, FR	Yves Sallez, FR
Hind Bril El-Haouzi, FR	Thorsten Schoeler, DE
Kary Främling, FI	Petr Skobelev, RU
Vaggelis Giannikas, UK	Marco Taisch, IT
Adriana Giret, ES	Andrej Tibaut, SI
Jose-Fernando Jimenez, FR	Damien Trentesaux, FR
Laurent Joblot, FR	Paul Valckenaers, BE
Stamatis Karnouskos, DE	Valeriy Vyatkin, FI

Academic Partners

Registration Fees

	Before August 30, 2024	After August 31, 2024
Students*	200 €	300 €
Academia	350 €	450 €
Industry	400 €	500 €

* Students must provide a valid university ID
